

Ector County Library now offers

What is TumbleBookLibrary?

TumbleBooks are animated, talking picture books which teach kids the joy of reading in a format they'll love. TumbleBooks are created by taking existing picture books, adding animation, sound, music and narration to produce an electronic picture book which you can read, or have read to you.

Do you have an app? How does it work?

YES! We do have an app! Simply search "TumbleBooks" in the App Store or Google Play on your device.

Click [HERE](#) for a quick link to the App Store!

Click [HERE](#) for a quick link to Google Play!

Library subscribers can access the app by entering their country, state, and library name (all fields will auto-fill to help you out!) and then their library card number. If your library card does not work, please contact your library.

Minimum Technical Requirements:

Internet: Minimum bandwidth of 1 MB per second, per device.

Browsers: On PCs, we recommend using Chrome, Firefox, or Internet Explorer 10. Unfortunately, Internet Explorer 11, Or Edge, has inconsistent compatibility with HTML5 because IE has not kept up-to-date with HTML5 advances. Moving forward, our new books are in HTML5 format, which is more advanced, and compatible across more devices.

Operating systems: For Windows, we recommend Windows 8 or later.

For Mac computers, we recommend OS 10.7 or later.

For Android devices, we recommend 5.0 or later.

For Apple mobile devices, we recommend 7.0 or later.
